School Overview

Our school is co-educational with 850 students from prep to year six. 'Striving for Excellence' is our motto and is central to our ethos, where we define excellence as striving to be the best we can be by doing the best we can do. The school enjoys a position of significant respect both within its community and beyond, achieving well above Australian averages academically, culturally and in sporting pursuits.

Mission Statement:

Our mission statement focuses us on the need to achieve the best educational outcomes for each student in a secure, supportive environment. We encourage students to reach their full potential as caring, self-disciplined, confident individuals who can take their place academically and socially in an increasingly global and digitally connected community.

Vision:

Holland Park State School provides a high quality education that assists all students to love learning, develop judgement and a sense of responsibility, to understand the past and to embrace a future in an increasingly digital and global community.

Values & Beliefs: Our school values professional learning, partnerships in the educative process to enable learning, safe and supportive learning environments, efforts of all levels of leadership within our school, student engagement in a wide range of curricula and extra-curricular learning opportunities.

Principal's Foreword

Introduction

We are a learning community committed to the achievement of the best possible outcomes for each child. To achieve this, we employ only evidence based pedagogical practices. We endeavour to lead, facilitate and engage students in the kinds of learning outcomes appropriate for children as lifelong learners and as global citizens in an increasingly global and networked society. During 2016, we focussed our professional learning and curriculum planning around the alignment of curriculum content with effective pedagogies based on the Gradual Release of Responsibility Model.

To achieve its purpose, the school had, as its major focus, the maximising of learning outcomes for all students in literacy, numeracy and science. Coaching and mentoring was used throughout the school. Teachers differentiated their teaching to meet the learning needs of all their students. The school continued and extended a model of oracy development which was part of a whole year literacy program incorporating synthetic phonics. Progress in this program's development has been supported by action research

conducted by our master teacher and supported by a growing partnership with Griffith University.

The explicit teaching of philosophy began in prep and year 6 supported in partnership with Buranda and Seville Road State Schools, Cavendish Road State School and the University of Queensland.

Gifted education remained a very significant driver within the differentiated learning model with a number of children having their acceleration monitored by the principal and the gifted education mentor. The Excellence Expo continued to be embedded as a signature event of the school. This work was partnered by our Special Education Team that works to ensure all students are learning and achieving.

School Progress towards its goals in 2016

In 2016, we renewed our focus on the Gradual Release of Responsibility which forms the foundation of our pedagogical framework. This focus was applied particularly to the teaching of reading and mathematics. Coaching in science teaching was maintained, with an intention to widen this focus to the teaching of STEM in 2017.

Philosophy was fully implemented in prep and in year 6 as part of a three year implementation plan to include all year levels.

Data collected indicates that the following strategies were successfully implemented:

- Coaching and mentoring to build teacher capacity in the teaching of reading, science and mathematics.
- Promotion of literacy development in Prep through the engagement of a Speech Language Therapist, a focus on phonological awareness and the upskilling of teachers in developing students' phonological awareness through the "Read it Again" literacy program.
- Synthetic phonics in prep and year 1.
- A systematic cross school data collection schedule with calibrated intervention strategies was strengthened.
- Gifted education remained a very significant driver for change with a number of children having their acceleration monitored by the Principal and Gifted Education Mentor. The Excellence Expo was further embedded as a signature event of the school.

The following results were obtained for the upper two bands in NAPLAN, 2106:

- Reading: Yr 3 – 67.6% and Yr 5 - 62.0%
- Writing: Yr 3 – 59.1% and Yr 5 – 21.7%
- Spelling: Yr 3 – 71.1% and Yr 5 – 34.8%
- Grammar and Punctuation: Yr 3 – 70.3% and Yr 5 – 60.4%

- Numeracy: Yr 3 – 53.6% and Yr 5 - 57.0%

Future Outlook

The explicit improvement agenda for 2017 will focus on gaining improvements in reading and writing. Our goal for reading will be that 75% of students from Prep to Year 6 achieve U2B or equivalent.

Our goal for writing will be that 75% of students from Prep to Year 6 to achieve U2B or equivalent as outlined in the School's Annual Implementation Plan.

For reading, we will target phonological awareness in prep with Foundation Q and *Read it Again* and continue implementation of synthetic phonics in Prep, Year 1 and Year 2.

We will target Years 3 to 6 with the explicit daily teaching of:

- Fluency
- Vocabulary
- Comprehension
- Guided Reading

For writing, we will target the daily explicit teaching of writing and spelling through:

- *The Seven Steps to Writing Success* (Yrs P to 6)
- Daily dictation (Yrs 1 – 6)

The school will continue to develop the capacity to lead pedagogical development through action research to support the further implementation of digital pedagogies, philosophy and STEM.

The school looks forward to celebrating the 25th anniversary of its relationship with its sister school, Otemon Gakuin Elementary School in Osaka.

Our School at a Glance

School Profile

Coeducational or single sex:	Coeducational
Independent Public School:	No
Year levels offered in 2016:	Prep Year - Year 6

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2014	868	424	444	8	98%
2015*	837	404	433	11	97%
2016	845	410	435	17	97%

Student counts are based on the Census (August) enrolment collection.

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

In 2016, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html>).

Characteristics of the Student Body

Overview

850 students attend the school which is located in the inner south suburb of Holland Park, Brisbane. Housing prices within the school's catchment area are above median and census data shows an above average percentage of management and professional families. In academics, students achieve at or above the averages for like schools in Australia and participate well in a large number of cultural and sporting options on offer. There is a low incidence of disciplinary absences.

Cultural diversity has increased with a growing number of students with non-English speaking backgrounds along with a growing enrolment of indigenous students. Thirty-one students who speak a language other than English at home were enrolled in 2016, along with 17 indigenous students.

A Special Education Program at the school supported 23 students with identified disabilities. In addition, 137 students had adjustments made to better enable them to maximise their learning.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2014	2015*	2016
Prep – Year 3	20	24	23
Year 4 – Year 7	25	26	27
Year 8 – Year 10			
Year 11 – Year 12			

*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

Curriculum Delivery

Our Approach to Curriculum Delivery

The school used the Gradual Release of Responsibility as the basis of its pedagogical approach.

This pedagogical approach was applied to the teaching of key learning areas but focused on the explicit improvement agenda items of:

- Reading comprehension
- Writing
- Mathematics problems solving.

Co-curricular Activities

- Junior and Senior Choirs
- Recorder Bands
- String, Brass, Woodwind, Percussion instruction
- Instrumental Bands
- Chess Club
- Readers' Cup
- Lunchtime clubs including Japanese, writers' and play clubs
- Maths Team Challenge
- On-line programs
 - Athletics

- Maths Online
- Reading Eggs
- Interschool Sport
- Camping Programs
- Japanese Sister School related activities – including school trip to Osaka, Japan and annual teacher exchange
- Student Council
- Peer mentoring

How Information and Communication Technologies are used to Assist Learning

We recognise the importance of including digital technologies in delivering our learning programs. Students have access to computers in each classroom as well as in the computer laboratory. The whole school has wireless connection. All classrooms have been equipped with interactive white boards. The implementation and curriculum planning of digital pedagogies was enhanced with the employment of a digital pedagogies coach who works with teachers in the use of technology and the teaching of coding. This work was guided by a staff led digital pedagogies team that worked in partnership with the P&C to greatly enhance the number of digital devices.

Social Climate

Overview

The students of the school continued in 2016 to exhibit excellent behaviour with very few disciplinary absences needing to be enforced. The whole school responsible behaviour plan for students recognised and celebrated positive behaviour while providing consistent and fair discipline strategies.

The inclusion of student voice was enhanced through a large number of student leadership opportunities, peer mentoring and student council. A number of student and staff competitions were organised throughout the year.

Student behaviour was supported by a behaviour committee that monitored the implementation of school policies and by making recommendations to the principal based in data collected. A guidance officer was employed at the school for three days each week while a chaplaincy service was also provided.

Parent, Student and Staff Satisfaction

Parent opinion survey

* Nationally agreed student and parent/caregiver items

'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

Parent and community engagement

Parents were involved in the school through a wide range of programs:

- Volunteer opportunities.
- Information programs including parent/teacher interviews and school program induction forums.
- Social activities.
- School community celebrations of academic, sporting and cultural achievements.
- A Community Liaison Officer was employed and a class parent representative network maintained.
- There is an active Parents and Citizens Association
- Parents receive detailed written and oral reports on their children's progress.

Respectful relationships programs

The school designed and implemented a social skills program that has been implemented across the school. This complements the behaviour management plan which is very explicit in teaching strategies empowering students to address harassing or bullying situations. The

student council helps organise special days where respectful relationships are the focus, such as our “Day for Daniel”.

The school also trained twenty student mentors to help peers deal with friendship issues in the playground while each of our students in Year 6 has a buddy in prep.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2014*	2015**	2016
Short Suspensions – 1 to 5 days	22	12	8
Long Suspensions – 6 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

**From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

Environmental Footprint

Reducing the school’s environmental footprint

2016 saw the extensive roll out of air-conditioning. Despite this the environmental footprint of the school did not increase. This is attributed to awareness campaigns and the use of the school’s passive cooling strategies implemented in 2015.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2013-2014	246,723	1,257
2014-2015	264,527	1,364
2015-2016	264,034	1,013

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school’s environmental footprint.

School Funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following ‘Find a school’ text box.

**Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

Professional Development

Expenditure On and Teacher Participation in Professional Development

The total funds expended on teacher professional development in 2016 were \$ 170 335.

The major professional development initiatives are as follows:

- Mentoring
- Coaching
- Consultants
- Teacher capacity building

The proportion of the teaching staff involved in professional development activities during 2016 was 100%.

Staff Attendance and Retention

Staff attendance

AVERAGE STAFF ATTENDANCE (%)			
Description	2014	2015	2016
Staff attendance for permanent and temporary staff and school leaders.	96%	95%	96%

Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 96% of staff was retained by the school for the entire 2016.

Performance of Our Students

Key Student Outcomes

Student Attendance

Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2016			
Description	2014	2015	2016
The overall attendance rate* for the students at this school (shown as a percentage).	95%	95%	96%
The attendance rate for Indigenous students at this school (shown as a percentage).	95%	94%	94%

*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2016 for all Queensland Primary schools was 93%.

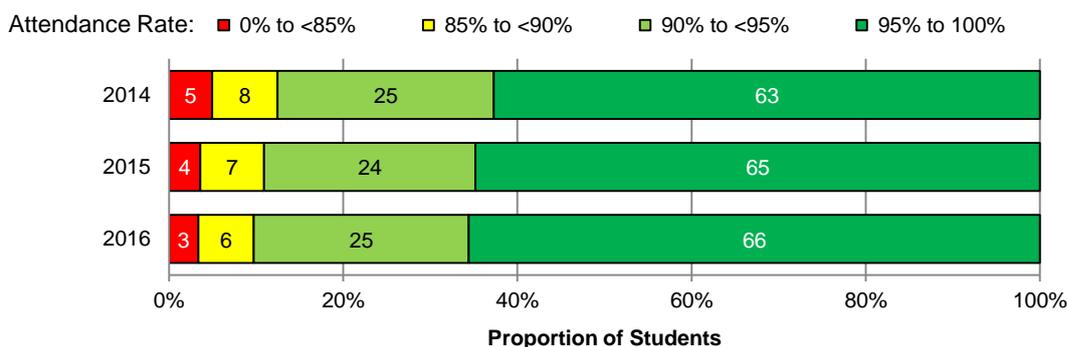

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2014	95%	95%	95%	95%	95%	95%	96%	95%					
2015	95%	95%	95%	95%	96%	96%	97%						
2016	95%	96%	95%	96%	95%	96%	96%						

*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student Attendance Distribution

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

The school managed absenteeism in the following ways:

- Maintained an absentee phone line
- Used a same day notification process to inform parents of unexplained absences
- Conducted weekly checks of attendance and punctuality rates with parents contacted by phone and/or email when absentee rates were not satisfactorily explained.

NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.
